- Ability to work efficiently both individually and in a team
- Organizational skills
- Quick learning skills
- Problem-solving skills

*My name is Julia Tolstikova. I was born and raised in the city of Zaporozhye. In childhood I studied music and dancing. I finished music school with a gold medal. After graduating from one of the best high schools in the city with a silver medal, I entered the budget at the National University of Kyiv-Mohyla Academy. Now I have a Bachelor degree in finance, banking and insurance, faculty of economic science. Kyiv-Mohyla Academy gave me the great opportunity to study abroad for one or two semesters that would make me a better student and professional as well as a more rounded person with the European perspective. I took part in Erasmus program in Jena, Germany. There I had master courses related to my specialization: money and financial markets, comparative international management, business English, international trade. So, it was a great opportunity to realize my potential as an economist and to adopt foreign experience and knowledge.*

*Also, I have a great qualification. I have expected graduation in Kyiv Debate School.*

*I am a participant of the scientific and practical conference “UN Model 2017”. Moreover, I love volunteering. I was volunteering to support the EastExpo 2017 for small and medium business of Donetsk and Luhansk Regions, volunteering in Wizz Air Kyiv City Marathon and volunteering in “Data Science Conference”. Also, I was a participant of YEP starter and I have a diploma of participation in business training “Successful Start”.*

*About my working experience I want to say that I was a Member of Global Volunteer in AIESEC Ukraine and I am a event manager in the “East-West Business” organization since my first year of studying at university. And till now I work in law company ‘Jeantet Ukraine’ as evening receptionist.*

*What about my Special skills, I know English language at the level B2 and French language at the level A2. And now I learn German language. I have organizational, quick learning, problem-solving skills and have an ability to work efficiently both individually and in a team.*

*So, it would be grateful if you consider my application.*
